

Your Opportunity To Make a Major Impact

One Life at a Time

Did You Know?

- 70% of functioning addicts are employed and have families
- Alcohol and drug addiction is associated with declines in work productivity and increase in medical costs.
- The average age of children using drugs for the first time is between 10 and 12 years old.

Driven by the desire to improve the quality of life for you, your family, your neighborhood, and the business community; we are doing something to eliminate the cost of addiction and its impact on our community.
